To Whom It May Concern:

The following is the Motocross experience of Mr Chris Endean owner and manager of RED CIRCLE RACING CAPE TOWN. South Africa

Chris has been involved with Motocross for the past 23 years starting as a competitor he has built up to a very successful business and racing team.

During these years Chris has competed in the Western Cape Regional Championship and in 1994 he was the Champion in his Class and received his Regional Colours.

Not only has Chris competed Regionally but he has been a regular competitor in the South African National Championship over this period. Chris has mainly competed on Honda's and Suzuki's during this period as well as the members of his RED CIRCLE RACING team for the past 23 years.

On the local scene in Cape Town Chris has helped all the local clubs with the development of their circuits spending many hours and days building circuits for the Championships as well as helping new riders to the sport.

Chris has at all times been a person who believes in the development and progress of the sport and a person who has given back to the sport what he has had out of the sport over all these years.

Chris has indicated that he will be relocating to the United Kingdom and will be racing there as well, he will be looking to help and develop a team there.

We wish him the very best in this new venture and I am sure his vast experience in this sport will be an asset to motocross in the UK.
